Introduction

Time Travel Events was created with the mission to hold historical one day events through-out Atlanta while benefiting the community the event is held in. Since that initial mission, TTE has morphed into holding whimsical and joyful events through-out Atlanta. The most popular of which being The Goblin Market.

The Goblin Market is an evening of real vendors who are selling their wares and fake vendors (the goblins) that are giving away small tokens to attendees as long as a request is fulfilled. Such as.. a dream they once had, their favorite color, a description of their favorite food, or a treasured memory. Live, musical performances enhance the evening.

Other events include Atlanta Cosplay Yard Sale, Winter Underland (a dark holiday market), It's a Vibe (an aesthetic-focused event), and several other goblin-themed gatherings, ranging from free, all-ages events to age-restricted nighttime experiences.

All of our events are inclusive, friendly, and community-focused, with the goal of making everyone feel welcome and safe.

Event Schedule

The dates we choose for events are based on venue availability and providing little to no conflict with similar events in the Atlanta area.

Event Highlights

Thoughtfully curated spaces where creativity, nostalgia, and joy take center stage.

A mix of real markets and playful fantasy elements that invite curiosity and connection.

Whimsical, immersive events that blend vendors, performers, and interactive storytelling.

Events that encourage participation, imagination, and genuine human connection.

Benefits for Sponsoring

More than just a marketing opportunity, our sponsorships offer a real way to connect with our audience because they tend to be attentive and supportive of worthwhile businesses and causes!

Authentic Community Connection

Sponsoring our events puts your brand directly in front of an engaged, local audience that values creativity, inclusivity, and meaningful experiences. Our attendees aren't just passing through—they're actively participating, interacting, and forming emotional connections within the space.

Memorable, Experience-Based Visibility

Whether through on-site signage, themed integration, or digital promotion before and after the event, your brand becomes part of a joyful, whimsical experience rather than background noise—helping your message stick long after the event ends.

Values Alignment & Goodwill

By sponsoring our events, your business visibly supports inclusivity, accessibility, and local creatives. This partnership signals that your brand cares about more than sales. It cares about people and the communities it serves. That alignment builds goodwill, trust, and long-term loyalty with attendees who actively choose to support businesses that give back.
